### COMPANY'S BRIEF DESCRIPTION:

Azul Natural Beef / Devesa is a family business that has been involved in the meat industry and raising cattle for over a century in Europe and Argentina. We offer the highest quality beef products, in the same natural condition and care with which they have been raised. We offer a wide portfolio of meat products from carcass and primal cuts to value-added raw. The creation of value begins in the fields with the raising of our own cattle and continues in the processing facility with the elaboration of our tailor-made products, guaranteeing an excellent quality and presentation, without hormones or antibiotics. We are responsive to the needs of all our customers, from wholesalers to restaurants and meal-makers, so that everyone can enjoy a product of the highest quality. Our grain or grass fed beef cuts and offals are exported to markets across the globe, such as: Europe, Asia, Middle East, EEUU. Devesa's certified Angus meat is highly demanded due to its natural marbling, tenderness, taste, and juiciness. This is the result of strict animal selection, natural rations and high quality standards.

### COMPANY'S BRIEF DESCRIPTION:

Grupo Lequio has a large participation in the refrigeration industry, slaughter and production, both of meat cuts and of processed bovine and pork products for local and external consumption. The group's structure is supported by an excellent work team with more than 1,700 qualified people committed to the activity. The Group's plants have the necessary authorizations to export to the demanding European, American and Asian markets. It markets chilled, vacuum packed and frozen cuts of beef. The production comes from the Treasury or top-quality raw materials. Due to its location in the center of the country, its plants have a competitive advantage that allows targeting the acquisition of quality raw material; being its origin the Humid Pampa.
